

# DVD/CD STANDALONE External Duplicator

**DVD±RW / Blu-ray**

## DVD/CD Duplicator Support

- Double Layer DVD +/- R9 Recording Function
- Both 8 cm & 12 cm disc for CD and DVD family
- Fixed packet, Variable packet, Disc-at-once, Session-at-once and Track-at-once
- Transfer mode: PIO mode 4, DMA Mode 2 and Ultra DMA mode 4

## Blu-ray Duplicator

The next generation platform for High-Definition (HD) video content and storing large amounts of data. The Blu-ray Disc stores over five times the capacity of traditional DVDs such as 25 GB on a single-layer disc and as much as 50 GB on a dual-layer disc. Along with the massive storage capacity, it uses advanced video and audio codecs for remarkable HD experience. The use of blue-violet laser with shorter wavelength makes it possible for improved precision and more compact data with less space.

## LightScribe Labeler

The new innovative technology offers turnkey solutions for duplication process. The use of special disc drive, special media, and label-creation software to burn images onto designated CDs and DVDs with coating.
