Tracer Express

THE TRACER EXPRESS SYSTEM is the latest in high performance one to one DVD/CD recordable duplication, from the leader in CD/DVD R solutions, Condre Technology. Featuring 100% duty cycle throughput capability and "Load and Go" operation, the Tracer Express provides a variety of users with a reliable and easy to use duplication system. An industrial style fan and power supply combined with a ruggedized chassis make the Tracer Express the most bullet-proof system available today. In addition, a switch selectable USB 2.0 interface allows the duplicator to be ported to PC or Mac for direct burn of master CD or DVD's. Most importantly, the Tracer Express is affordable for virtually any novice or professional user. Call today for details.
